

Transition Option to bring MCS and TrustMark together (Achievable directly or through transition)

This document is confidential and for the EHC Implementation Board only. It is not for onward circulation so please do not forward on.

Assumptions

1. Both Businesses (TrustMark 2005 and MCS) agree to migrate to new quality mark business
2. BEIS agree the principal of combining the two areas for single delivery under single quality mark
3. Quality mark entity has no commercial activities
4. Levels and numbers of Board Directors to be agreed to give independence
5. Micro Generation and Retrofit will be recognised and all the previous good work not lost
