start – 12pm**

**Church House**

**Deans Yard, Westminster, London, SW1P 3NZ**

[Map](#)

In July 2015, the Secretaries of State for the then Department of Energy and Climate Change and Department for Communities and Local Government jointly commissioned Peter Bonfield to lead an Independent Review of Consumer Advice, Protection, Standards and Enforcement for UK home energy efficiency and renewable energy measures.

This launch event is to mark the publication of the Each Home Counts Review on December 16<sup>th</sup> 2016 and map out how industry will lead on the implementation of the Review recommendations. There will be opportunities throughout the morning to network and engage with Workstream Leads and see how you can get involved with the development of the implementation plans over the coming months.

Numbers are strictly limited and places will be allocated on a first come-first served basis. If you would like to join us and participate in the next stage of the Review, please email [\*\*BonfieldReview@beis.gov.uk\*\*](mailto:BonfieldReview@beis.gov.uk) by **Thursday 26<sup>th</sup> January** to confirm your place.

Best wishes,

Peter

**Dr Peter Bonfield, OBE, FREng**

**Chairman**

**Review of Consumer, Advice, Protection, Standards and Enforcement for Energy Efficiency  
and Renewable Energy**
